

Are You Inviting Devils Into Your Life?

By David J. Stewart

"For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places." -Ephesians 6:12

As Christians, the Bible informs us that our battle is not against the flesh; but rather, against the spiritual forces of darkness. Satan is a liar, who comes only to kill, steal, and destroy (John 10:10). The human spirit is extremely susceptible to spiritual influences, which is why music is so powerful, because it is a spiritual medium. Equally as deadly is the Devilvision, i.e., television, which continues to send demons into America's homes.

Has there ever been such an evil and Godless generation of men as Hollywood executives? I think not. Has there ever been such an immoral generation as Hollywood actors, who film their adulteries for the world to lust upon? Woe unto America! No nation can produce high-quality filth like America can. Hollywood has mastered the science of producing sexual lasciviousness in the hearts of men and women. They are expert adulterers, knowing just how to drive a person to fornication. Hollywood is the land of creeps.

We are told in 1st John 4:1 to "try" (or test) the spirits. Demonic spirits appear in many forms, sometimes working through false prophets, sometimes through corrupt bibles, and oftentimes through adulterous and violent scenes on TV. Every TV program has a spirit to it. *Fox News* is saturated with a demonic spirit of lying and misinformation. Oprah Winfrey's show is saturated with a demonic spirit of New Age and occultism. *Desperate Housewives* is saturated with a demonic spirit of adultery and lasciviousness. And on and on.

It is important as believers that we constantly guard our minds from demonic influence. This means that we ought to apply the Scriptures to everything. How does Oprah measure up to the Bible? The Bible calls her a *liar* and an *antichrist* in 1st John 2:22. Why? Because Oprah denies that Jesus is the Christ, the only way to Heaven (John 14:6). By sitting in front of the TV all day, or night, you are opening your soul up to demonic influences. No Christian should spend more time watching TV than studying and pondering over the Word of God (Psalm 1:1-2).

Increasingly, TV and movies have been produced to promote sexual filth, lasciviousness, homosexuality, and even child pornography. Walt Disney's programs for teens have become extremely provocative and suggestive. This is evil, and deliberate. The family destroyers have continually stated that their goal is to produce a generation of youth void of morals to bring to fruition a New World Order.

Here is another excellent quote from *PAWNS IN THE GAME*, page 127...

Few people realize the important part modern movies play in subverting youth away from their homes, their country, and their religion. Many movies show an *hour* of film in which the criminals and *bad* men and women do everything that is forbidden by our laws and moral code and devote one *minute* during which the law catches up with them, or they die because of their sins. Films taken of actual fighting during the Mexican revolution in 1913 were shown in Galveston, Texas. The sight of seeing men killed in battle, or being dragged from their homes and slaughtered by revolutionaries caused women to scream and faint, and men to vomit. Public opinion caused the showings to be prohibited. To-day these scenes are shown on films advertised as "Children's Special" for Saturday afternoon performances. That is just one illustration of how the general public, and particularly the children, have been systematically hardened to accept the sight of violence and bloody death as normal. (SOURCE: *PAWNS IN THE GAME*, page 127, by William Guy Carr, 1958).

What a contrast from kids today, who see people die almost daily on television. Society is being conditioned for what's ahead--totalitarianism. It's no coincidence that we're seeing SWAT teams featured on TV, in major cities all across America, destroying people's homes, entering and hauling American citizens away like Nazi-fascist thugs. The public is being saturated with this type of activity, so it won't be so shocking when Christians and patriots are soon hauled away as terrorists, just as in the days of the Roman Empire. Saul in the Bible hauled Christians from their homes and killed them!!! These acts of darkness will soon come to America (John 16:2).

Please, don't allow the Devil free access into your home, because he will destroy your family any way possible. Satan is a thug, and always looks for the weakest link in any church, family, marriage, or an individual. A chain is only as strong as the weakest link. Television preys upon human weakness--whether it be the lying newsmedia, greedy televangelists, or shady advertisers. Demonism appears in many forms, and our only defense is the inspired Word of God.
